INPECTINE, THE PERSIAN FEVER CHARM. FOR the prevention and cure of Fever and Ague and Bilious Fevers. This wonderful remedy was brought to the knowledge of the present proprietors by a friend who has been a great traveler in Persia and the Holy land.

Pep 10

While going down theriver Euphrates, he experienced a severe attack of Fever and Ague. On discovering his condition, one of the Boatmen took from his person an Amulet, saying, "Wear this INTERMEDIATE STATIONS. and no Fever will touch you." Although incredulous as to its virtues; he complied, and experienced immediate relief, and has since always found it an effectual protection from all malarious complaints.

On further investigation he found that the boatman attributed to it miraculous powers, and said that it could only be obtained from the Priests of the Sun. Sometime afterwards, the gentleman in conversing with a Priest obtained from him the seeret of its preparation, and ascertained where the medicinal herbs were found, of which it was compounded. The wonderful virtues of this article have induced a full belief in the minds of the natives in the miraculous healing powers of their

Priests. Since his return to America. It has been tried with the happiest effect by several Ladies and Gentlemen of high character, who have given it the most unqualified praise. This remedy having been a specific in Porsis for hundreds of years, for the prevention and cure of Fever and Ague and Bilious Fevers-is now offered, to the American people. It will be sent by mail, prepaid, with full

lirections for use on receipt of one dollar. Principal Depot and Manufactory, 188 Main St. Richmond, Va. Branch Office, Bank of Commerce Building, New York. Address. JOHN WILCOX & CO. jy 10-wly MABINET, CHAIR, AND SOFA MANUFAC-TORY, No. 130 King street, Aboxandria, Va.

FITO THE FARMERS AND PLANTERS OF VIRGINIA AND MARYLAND. FOWLE & CO'S SOLUBLE PHOSPHATED PERUVIAN GUANO,

The Best, Cheapest, and most Permanent FER-TILIZER ever offered to the Agriculturalists. Approved by PROF. CAMPBELL MORFIT, One of the most prominent Chemists of America,

as the most reliable and efficient combination of Phosphatic and Ammoniated Guanos Yet offered in a REALLY SOLUBLE FORM. It is composed of

No. 1 PERUVIAN & SOMBRERO GUANOS, Of Diract Importation from the CHINCHA and SOMBRERO ISLANDS, and is warranted free from all impurities.

This Fertilizer has been severely tested, in comparison with Peruvian Guano, by many ! the most successful and intelligent Farmers of Virginia and Maryland, from whom we have received numerous letters and certificates of approval .-We submit the following extract from Prof. Morrit's Report upon the "Soluble Phosphated Peruvian Guano," viz: "The above analytical results express a high value for this Fertilizer, and indicate that the formula for its prepa-ration is founded upon sound principles of agricultural

economy and efficiency. Though replete with the indis-pensable elements of a fruitful goil, the relative proportions are so skillfully adjusted as to promote their mutual action, and render it a most profitable manuro, adapted for crops generally, without distinction as to kind. CAMPBELL MORFIT." Copies of the above-named documents, together with Prof. Morfit's Analysis, and other interest-

ing matter, will be found in our pamphlets and circulars, showing that our Fertilizer is far better adapted to general use than Peruvian Guano alone, besides being Sixteen per Cent. Cheaper. The Sombrero Guano, before its combination with the Peruvian, is rendered immediately solu-

ele by a process recently discovered and peculiarly our own. The value of Peruvian Guano, presented in this modified and improved form, can hardly be over-estimated. We will continue to receive our usual supplies of PERUVIAN and SOMBRERO GUANO, of direct

importation, which we offer at lowest market rates. DO YOU WANT WHISKERS? DO YOU WANT WHISKERS? DO YOU WANT A MUSTACHE?

MISCELLANEOUS READING.

The Body's Action on the Mind. Volumes are now written and spoken upon the effect of the mind upon the body. Much of it is true. But I wish a little more was thought of the effect of the body on the mind. You who believe yourselves overwhelmed with anxieties, but are able every day to walk up Regent street, or out in the country, to take your meals with others in other rooms, etc., you little know how much your anxieties are thereby lightened; you little know how intensified they become to those who can have no change; how the very walls of their sick-rooms seem hung with their cares; how the ghosts of their troubles haunt their beds; how impossible it is for them to escape from a pursuing thought without some

help from variety. A patient can just as much move his leg when it is fractured, as change his thoughts when no external help from variety is given him. This is, indeed, one of the main sufferings of sickness; just as the fixed posture is one of the

main sufferings of the broken limb. It is an ever-recurring wonder to see educated people, who call themselves nurses, acting thus. They vary their own objects, their own employments, many times a day; and while nursing (1) some bedridden sufferer, they let him lie there staring at the dead wall, without any change of object to enable him to vary his thoughts; and it never even occurs to them at least to move his bed, so that he can look out of the window. No, Relief will be certain.

unpleasant, he is exercising self-control. Then this state of nerves is most frequently to be relieved by care in affording them a pleasant view, a judicious variety as to flowers and pretty it.
